

Job Post:

Hungarian marketing translators/editors with language leading experience for world-known customer in the entertainment platform industry.

The lead linguist will need to translate, review translation & linguistic quality review results, and act as a quality gate keeper of the language.

This is a **long-term engagement** and the position requires up to approximately 20 hours per week to liaise between the customer and other Hungarian translators.

**Location:**

USA remote work with flexible work schedule

**Requirements:**

- Excellent Hungarian linguistic skills, especially in **creative/marketing content**
- Language leading/language coordination experience
- Translation experience with highly creative content preferably in the entertainment industry (**movie synopses, marketing trailers, title translations, etc.**)
- Impeccable communication and leadership skills
- Decisiveness
- Ability to take ownership

**Additional requirements:**

- Ability to attend client conference calls during PST business hours
- Ability to travel occasionally to client premises in California if support is needed
- Self-motivated & enthusiastic about meticulously crafting, evolving and executing the voice of the customer
- Marketing, transcreation or copywriting experience in challenging technical environments
